1:00 p.m.**

Woodlands Country Club

4600 Woodlands Boulevard
Tamarac, FL 33391

The Frankie Foundation

Founded in 2007, The Frankie Foundation was created in honor of Frank Speciale, a 1982 graduate of Pompano Beach High School who collapsed while playing soccer and suffered sudden cardiac arrest. While emergency CPR care was provided almost immediately, it proved not to be enough to save Frank's life because his heart was in fibrillation. Only an AED unit and its usage at that critical moment could have given Frank the best chance to live.

Each year, the Frankie Foundation produces a Golf Classic, Family Bowling event and other grassroots activities to fund its mission for more AEDs units in South Florida and scholarships for students seeking to attend college.

Since 2007, the Frankie Foundation has purchased and placed an additional 50 AED units in South Florida and has granted 25 Frank Speciale High School Scholarships. Additionally, the Frankie Foundation has become a strong voice and active promoter for the use of AEDs and more AED training in our community. Join us in doing more.
